

SOLAR PV DISTRIBUTORSHIP PROGRAM

ALTIUS CONSULTING
GLOBAL GREEN IMPACT

WELCOME TO THE SOLAR PV PRODUCTS DISTRIBUTORSHIP PROGRAM!

Now, solar photovoltaic (PV) systems are made available to the vast end-users needing cost-efficient source of electrical power. Whether used for industrial, commercial, agricultural or residential purposes, Solar PV Power delivers the power requirement of the most demanding users.

Altius Consulting invites you to be its partner in making our solar PV products available to the market. Contact us now!

DISTRIBUTOR'S QUALIFICATIONS

Ideally, the potential distributors should meet the following criteria:

- Building and construction products reseller
- Electrical equipment reseller
- Possessing a demo/display center
- Have a technical sales person responsible for solar PV products promotion and sales
- Willing to buy an initial order for product demo/display requirements

DISTRIBUTOR'S BENEFITS

As a distributor, you will:

- Be able to enlarge your business with existing customers
- Develop new markets and create new source of income
- Upgrade your portfolio of products
- Be known as a provider of leading edge solar PV products at a competitive cost!
- Increase your standing in the community as a contributor to environmental protection and green culture.

ABOUT ALTIUS CONSULTING

We are a sales and marketing organization bringing world-class solutions in the fields of renewable energy, education & training, environmental protection, agriculture and information technology. Our long-term goal is to help improve the world we live in by helping our clients identify and implement business solutions that are environment-friendly.
